September 2023

Dear

Thank you for speaking to us to provide your views about school.

We listened to a lot of information and read all of the paperwork we had about you. We decided that you should stay at School B as you were settling in there when you talked to us, and we heard from you that you wanted to remain there with your friends. The information you gave us helped us to make that decision.

We hope that that you enjoyed your visit to the outdoor centre.

Best wishes for the future.

Yours sincerely,

Legal Member
