The Additional Support Needs part of the Health and Education Chamber of the First-tier Tribunal for Scotland can consider and decide claims of disability discrimination relating to pupils in school education in Scotland under the terms of the Equality Act 2010, Schedule 17, Part 3. It can consider appeals (claims) made by the parent or the person, where they have the capacity to make the claim, against the responsible body that has discriminated against the person because of a disability.

Schools must not treat disabled pupils less favorably because of their disability. Discrimination can also occur when a disabled pupil is placed at substantial disadvantage because reasonable adjustments have not been made to account for their disability.

A disability discrimination claim may be made in the following circumstances. It is unlawful for a school to discriminate against a disabled applicant or pupil in relation to:

- admissions
- the provision of education
- access to any benefit, facility or service (this and provision of education covers all aspects of school life and the teaching of disabled pupils)
- exclusions
- any other detriment

The procedures are governed by The First-tier Tribunal for Scotland Health and Education Chamber Rules of Procedure 2018 ('the 2018 Rules') (schedule to SSI 2017/366)
